September 8, 2020

Over the summer, The Foodbank of Southeastern Virginia and the Eastern Shore participated in the Summer Food Service Program. **This program is being extended so that the Foodbank can continue to provide free, healthy, nutritious meals to children ages 5–18 at a first come, first serve basis.**

The COVID-19 pandemic has greatly impacted the number of children experiencing food insecurity in our community. Most schools in our service area are starting the school year virtually, meaning children can't easily access meals provided by federal nutrition programs. Parents who have lost their jobs are struggling even more to afford food for their families. The need for these meals will only increase as families continue to feel the impacts of COVID-19 in their households. Summer meal sites are conveniently located in low-income neighborhoods so that participating children can walk or bike to receive meals in a safe, supportive environment where social distancing measures will be taken to ensure the health and well-being of children participating. Summer feeding sites are scheduled for the locations below.

Meals will be provided, on a first come, first serve basis, at the sites and times as follows:
